

LACTEST® ORANGE FLAVORED LACTOSE

NO ADDITIVES OR PRESERVATIVES
NATURAL ORANGE FLAVORING
LONG SHELF LIFE

Directions: For the **BREATH TEST**, add contents of package to 8 oz. (250 ml) of water to prepare LacTest Solution. For the **BLOOD TEST**, add contents of 2 packages to 8 oz.(250 ml) of water to prepare LacTest Solution.

Thoroughly mix to suspend ingredients. Administer the LacTest Solution according to body weight as indicated by the table below. For children less than 50 lbs. (23 kg), add water to the measured portion of LacTest Solution to bring the final volume of liquid consumed to a total of 8 oz. (250 ml).

Weight Peso		LacTest Solution Solución LacTest		Added Water Agregar Agua	
lbs.	kg	oz.	ml	oz.	ml
14 - 21	6 - 10	3	75	5	175
22 - 28	11 - 13	4	120	4	130
29 - 35	14 - 16	5	150	3	100
36 - 42	17 - 19	6	180	2	70
43 - 49	20 - 22	7	210	1	40
50 +	23 +	8	250	0	0

Indicaciones: Para la PRUEBA DE ALIENTO, agregar el contenido del paquete a 8 onzas (250cc) de agua para preparar la solución LacTest. Para la PRUEBA DE SANGRE, agregar el contenido de 2 paquetes a 8 onzas (250cc) de agua para preparar la solución LacTest. Mezclar vigorosamente los ingredientes. Administrar la solución LacTest de acuerdo al peso corporal como lo indica la tabla. Para niños con peso menor a 50 libras (23 kg), agregar agua a la cantidad específica de LacTest, asegurándose de llevar el volumen final de líquido a ser consumido a un total de 8 onzas (250cc).
